Hey all,

Here's an update on the Manatt's mitigation site that was proposed to be adjacent to a quarry. The Corps sent out their evaluation letter today, it is attached.

You will see the consultants response below

Subject: RE: Manatt's Evaluation Letter

Abby,

We appreciate the IRT taking the time to review the Prospectus, but disagree with the IRT's assessment and feel that we can address any concerns in the final design and land protection. This is a huge opportunity to restore wetlands within the Iowa River Corridor. We are continuing to review the letter with the sponsor. What is the appeal process?

Cheers,
Judy
